

## SOCIO-ECONOMIC ENGAGEMENT SUMMARY REPORT – RECORD OF CONSULTATION

REEF shared a draft report with Committee members on November 9, 2023, and requested feedback by December 11, 2023. A reminder email to provide feedback by end of day on December 11, 2023 was sent on December 8, 2023. Feedback was received from two organizations and incorporated into the report or responded to accordingly. The comments received and responses from REEF are provided in Table 1 below.

Date	Commenter Organization	Section Number	Comment	REEF Response
2023-11-10	Northern Health	Introduction	EAO hasn't notified TAC of the changes in project name and ownership. I would like to confirm whether both changes will affect the certificate holder and the implementation of EAC conditions?	REEF is currently pursuing a transfer of the EAC #E21-01 from Vopak to the joint venture, REEF. The conditions will remain the same.
2023-11-10	Northern Health	2023 Committee Activities	Xu Huang (Anna) doesn't have any record indicating she attended the June 20, 2023 Q2 meeting. Your meeting minutes also indicated that NH didn't attend the CSI Meeting Q2 2023. In addition, Anna doesn't receive the September 15, 2023 email update. Please confirm that correct NH	REEF has shared the email update (November 9, 2023) and will ensure NH is in the distribution list.

			representatives' email addresses are in your distribution list.	
<b>2023-11-14</b>	Colleen McDonald District of Port Edward	Committee membership	District of Port Edward not included as an organization on the committee. Is there a reason we are not invited to participate?	This was an oversight. The District has been added to the charter.
<b>2023-11-14</b>	Colleen McDonald District of Port Edward	Background	"other bulk liquids" not specific, is there a list of potential petroleum products that are planned to be shipped please.	The Project also has approval to store Clean Petroleum Products, including light diesel and gasoline.
<b>2023-11-14</b>	Colleen McDonald District of Port Edward	Socio-Economic monitoring	What form will the monitoring be done in? Noted that Port Edward is listed as one of the communities.	Monitoring will be done by AltaGas using data collected at site. Please refer to the table of indicators attached to the charter for data sources.
